

Product “Svalson Ballistic”

Issued to

Svalson Safety AB

Box 584, SE-943 28 Öjebyn, Sweden

Product name

Svalson Ballistic

Product description

Svalson Ballistic is an openable sliding window with frame made of steel profiles, equipped with bullet-resistant glass. The sliding window is available in two versions, with different bullet-resistant glass. The design of the openable windows is shown in the drawings dated 2024-04-17, designated “Svalson Ballistic FB6”, and the drawing dated 2025-01-24, designated “Svalson Ballistic FB4”. These drawings are part of the technical documentation.

Certificate

The products described in this certificate have been type-examined by RISE and found to fulfil the requirements for class FB6(NS) and FB4(NS) set out in standard SS-EN 1522:1998. Basis for this certificate is test report no. P121780Rev1 dated 2024-12-04 and assessment no. P121780B dated 2025-05-02, issued by RISE Research Institutes of Sweden AB, Division Materials and Production.

Marking

Each product that conforms in all respects with the original item type-examined may display the text 'Type examined by RISE'. When this marking is applied the marking shall also contain the information required by the actual standard, the number of this certificate and the serial number or equivalent of the item.

Validity

This certificate is valid until not later than 2030-05-20. The validity of this certificate can be verified by RISE.

Miscellaneous

Other terms and conditions are set out in RISE certification rules for type-examination, SPCR 123.

A blue ink signature, appearing to read 'Martin', is written over a horizontal line.

Martin Tillander
